# UCHICAGO LEADS

The programs and services offered through UChicago LEADS seek to develop leadership capacities such as innovation, humility, resilience and adaptability, and interpersonal skills. As the umbrella program, UChicago LEADS includes leadership development programs, student organization training, and advising for RSO leaders. Leadership programs include:

## CliftonStrengths Assessment by Gallup

Identify your top 5 talents and learn how to develop them!

## Discover Leadership Pre-Orientation Program:

Learn about your individual leadership style and about leadership in the context of a community. Explore leadership within the arts, athletics, business, government, non-profits and more.

## Disney Imagination Campus

A 4-day immersive program at Disneyland California comprised of a collection of workshops across a range of topics. Students will learn how to apply their imagination to problem solve and think creatively.

## Impact Scholar Institute:

Yearlong immersive program designed to nurture leadership skills and foster an understanding of project innovation, design thinking, and business strategy.

## Industry Explorers

Unleash your inner explorer with our quarterly site visits! Dive into diverse industries, mingle with industry leaders, and turn your learning journey into an adventure.

## Women's Leadership Series:

**PRE-O** A series of workshops, cohort programming, book clubs, trainings, and discussions that explore the unique issues that women face in leadership.

## Student Leader Awards

Each Spring, the University honors a select number of student leaders for their contributions to the campus community

## Student Leadership Advisory Council

Brings together diverse leaders committed to positively impacting campus life and empowering fellow students. SLAC collaborate to develop innovative programs, address important matters, and cultivate a strong university community.
