Your Guide to Orientation

Get ready for life as a Maroon.

@uchicagocollege   

orientation.uchicago.edu

Welcome to UChicago

We're excited for you to join our UChicago College community. One of the first steps you'll take as a Maroon is to complete Orientation. This occurs in two phases. Here, you'll find an introduction to the process and what you can expect during each phase.

Orientation happens in two phases:

 **PHASE 1 | ONLINE ORIENTATION**
May to September

 **PHASE 2 | ORIENTATION WEEK**
September

PHASE 1 ONLINE ORIENTATION

Before you join us on campus, you'll participate in a variety of Online Orientation activities throughout the summer designed to get you prepared and more familiar with UChicago.

Summer Before UChicago

Orientation Emails You'll receive a variety of emails each week providing important updates, reminders for upcoming deadlines and tasks, and launching the online learning modules. Make sure you log in to your UChicago email account to access them.

Online Learning Modules New students are required to complete mandatory online learning modules throughout the summer and into your first quarter. Each module will cover a variety of topics from College Academics, Student Wellness, Living on Campus, and more.

Webinar Series The College hosts multiple webinars featuring various campus partners that connect with the online module content. You can register to attend the sessions live or access the recorded versions on the Orientation website.

Meet Your UChicago Peer Mentor The UChicago Mentoring Program (UCMP) connects incoming students with upper-level mentors to ease the transition to College life. Your Peer Mentor will send you an introductory welcome letter in mid-June. There will be opportunities to participate in group calls and virtual meetings prior to meeting your Peer Mentor in person during Orientation Week.

Virtual Advising You will receive your assigned Academic Adviser by mid-July to assist you with your summer advising requirements. Your adviser will help you explore academic interests, plan a program of study for degree completion, assist you in selecting courses for Autumn Quarter, and provide support as you transition to UChicago. If you have an advising-related question prior to June, contact the College Academic Advising Office at collegeadvising@uchicago.edu or 773.702.8615.

The UChicago Mentoring Program (UCMP) works to build community by providing incoming students with upper-level mentors to aid in their transition to the College and the University of Chicago.

UCMP provides you with:

- An experienced student leader to answer all your questions.
- Personal connection with current students, including your Peer Mentor and fellow group members.
- Student perspectives on being part of the campus and local community.
- Participation in group calls and virtual meetings.
- A friendly face who will guide you through O-Week after getting to know you all summer.

PHASE 2 ORIENTATION WEEK

In-person Orientation will take place during the weeks leading up to the start of autumn courses. It consists of Pre-Orientation Programs and Orientation Week, known as "O-Week."

Orientation Week

Orientation Week began in 1934 to introduce a new class of students to the traditions and community that have made the University of Chicago a unique destination for students from around the world. This multi-day series of events, programs, and meetings provides new students with an in-depth overview of how the College works.

O-Week Key Dates & Details

Move-In Incoming students have the option to move in on either Tuesday, September 24, or the morning of Wednesday, September 25.

Check-In O-Week kicks off on Wednesday, September 25. All students are required to check in for Orientation in the morning.

Programming for Students Students will participate in mandatory programming focusing on campus and community standards, experience signature events like the Aims of Education Address and the annual Glow Party, and explore a variety of optional and late-night programs to learn more about UChicago and the city!

Programming for Families Family activities like the Orientation Resource Fair, office open house events, and Opening Convocation and the Family Reception will take place on Wednesday, September 25. Other optional programs may take place on Tuesday, September 24.

Pre-Orientation Programs

Incoming students are encouraged to apply for one of the Pre-Orientation Programs that take place the week before O-Week. Each program provides a unique opportunity to meet other members of your class, to help you become more familiar with student and community life, and to begin exploring your areas of interest before the academic year begins.

Those wishing to participate in a Pre-Orientation Program must apply to do so by June 10. Students selected for participation will be notified by the end of June. If selected, you'll stay in a temporary housing assignment and move into your term-time housing on Monday, September 23.
